

To The Dunbar Coalition,

My name is Andy Noble, I am the newly elected Dunbar/Spring Neighborhood Association (DSNA) president. I am new to the neighborhood and Tucson, and looking forward to getting to know my new neighborhood and city better in the future.

In the meantime, it has been brought to the attention of the DSNA that there is a possibility that the playground equipment will be removed with the closure of the IDEA School. Many neighborhood children have enjoyed and played on these facilities extensively and appreciate that they have been available for public use for decades.

While the neighborhood understands the issues of liability, it is our hope that the playground equipment would remain for neighborhood use. In the event that it is to be removed, then we would like to formally request the equipment be at least moved to another location for continued use rather than destroyed.

We are willing to help in any way that we can to protect this beloved neighborhood feature. Thank you so much for all that you do for our community, we look forward to hearing back from you.

Sincerely,

The Dunbar Spring Neighborhood Association

Andy Noble
DSNA Board President
